

## **11-13-2023 Park Report**

The park was enjoyed by many this year and with positive comments and reports from people using all things that have been made available to them. Things have ended for the summer and use will be mainly walkers and skiing when the snow comes.

I have two main projects to be completed over the winter:

1. Complete the new picnic tables that were approved
2. Keep the asphalt walkways cleared of snow over the winter months

In addition to this, we will keep the restrooms cleaned and stocked as needed.

There will be no new major expenses through the balance of this year. Only major bills will be for picnic tables and materials to repair two older tables that need new tops. These expenses were all approved earlier this year.

As the park has slowed down, this will be my last report until the March meeting.

I will not be able to attend the upcoming meeting. Any questions may always be directed to me at 320-293-4653, or at this email address.
