

Mission Township Park Committee Report June 10, 2024

1. Maintenance

- Committee members continue to assist with various ongoing maintenance items
- Buildings throughout the park to be restained; repairs need on the siding near the ground on some of the buildings. To be completed between 2024-25 as time permits and with help of other volunteers

2. Trails

- Trail cleanup to continue during the summer/fall with assistance from Rob Saunders (and his wood chipper)

3. Misc.

- Mission Park sign area has been relandscaped and flowers planted by Sue Peterson and Kathy Strampe; a few more plantings to come
- A few trees to be removed or trimmed throughout the park and stumps potentially removed or ground up; getting bids on both (may take down or trim some trees ourselves – TBD)
- Ground cover in playground needs a little additional cover in some areas; looking into cost to purchase a couple yards and install ourselves
