**Update/Action Items:**

✓ **Mailbox Supports**

- Processed requests for new post installations at 28474, 31003, & 31259 EHLR, plus 14343 Pine Cone Lane which will be installed on EHLR. All starting new mail delivery.

✓ **Huxtable Point Repair**

- Identified a ditch wash out issue on the south side of Huxtable Point Road between markers 29709 and 29748 following recent heavy rains. Repaired it once working with Bryan Drown and Anderson Brothers, however it washed out again. Working to create a more permanent fix.

✓ **CIP Projects**

- Projects substantially complete except for Huxtable Point Road issue. No complaints have been received to date. Construction signage was removed significantly earlier than last season.

✓ **EHLR & EBLR Speed Signage**

- Signs have been ordered through CWC and will be installed when received and fit into CWC’s schedule.

✓ **Culvert at Sportsman Storage new Driveway**

- Identified a potential safety issue with the culvert installed under the new driveway for the Sportsman Storage development. It could be a hazard for ATV and snowmobile traffic. Our engineer is evaluating, and we will work with the property owner on a solution. The issue lends support for a Driveway Access Ordinance.
