SEASONAL LOAD RESTRICTIONS

The Commissioner of Transportation has announced start dates for Seasonal Load Restrictions in Crow Wing County.

Spring weight restrictions for the Central Frost Zone (south of TH 210 and TH 18 in Crow Wing County) start Friday March 6, 2026, at 12:01 A.M.

Minnesota Statute 169.87 establishes weight restrictions. The weight on any single axle shall not exceed 5 tons on any unpaved street or highway; or 10 tons on a paved street or highway unless posted otherwise between the dates set by the Commissioner of Transportation. Cooperation and compliance with the legal posted limits are needed to minimize unnecessary damage to our roads.
